THE LEDGER believes that the being of Grand avenue is merely matter of time. There is no ques- tion but that the street should be paved and we feel sure the council will do it. The Council is mov- ing because the necessity of improvement of methods follow- ing a change in revenue is neces- sary. When the time comes, and hope it will be soon, an amiable settlement of the difference with California will undoubtedly be reached.

BUNCHTON, in Cooper County, is a ready Home Coming. Among the distinguished speakers will be residents of that section. The giving of Home Coming to Mexico was not at all ac- cording to those most interested. According to a statement made Friday Commercial Club luncheon. If we had our barbeque in the fall, why would it not be a good plan to call it the Home Coming barbeque. The day this year, perhaps two days later and by the time it has been to assume the proportions of a regular institution, a week's Home Coming could easily material- ize. The Ledger offers this as a suggestion because we believe that a Home Coming there is a univer- sal appeal and from year to year it will grow and become one of the greatest fall entertainments ever in this section of Missouri. To start with a small way in much better than starting at all. We suggest that the barbeque have the prefix "Home Coming."

BIG CROWDS AT HOME ECONOMICS SCHOOL AT GANT

That the farmers of Audrain county are progressive and willing to avail themselves of every chance to learn something, is shown by the fact, large crowds are attending the Home Economics school being conducted by Miss Church of the Missouri University under the auspices of the South Wilson Township Agricultural Bureau.

The meetings are held each afternoon on the lawn of Mrs. Beatty's home at Gant. On the first day of the meetings 45 women and about that many men were present to witness the canning demonstration and on the next day the crowd was larger. Bread making was the subject for the second day.

The school will continue the rest of the week and a big picnic on the farm of the Smith Brothers will be held Saturday. Proceeds from the picnic will go to pay expenses of the school.

BEACH DANCE IS LATEST IN EFFECTS EAST.

Southampton, L. I., N. Y., July 24. It seems queer to hear talk of hard times and see those who are big by high-priced automobiles and tangling. The latest fad in the East is dancing the "fast" dances when not buying gasoline they are on the seashore in bathing suits. It looks lively enough, but I cannot speak from experience, as my wife likes the Ocean and goes to the beach every time I do. The Lingo is a little slow, and the music is all the go and we presume, will soon arrive in Mexico.

The wild Indian tribes of Brazil were the originators of the maxixe, according to reports from the Farne Amazon expedition which recently completed an extensive tour of Southern Brazil and Guiana and Brazil.

The maxixe, known to the Amazon Indians as the peanut vine, because of its similarity to the graceful windings of the peanut vine, originally was the "country" dance of the Indian tribes and their lovers. The proper maxixe costume consisted solely of a tiny garment fastened like the modern apron.

It was taken from Brazil by Portuguese and vulgarized by the Portuguese and Parisians.

I looked into the management of the local Hospital here a little and find that everybody, young and old, rich and poor, contribute in some way toward its support and that what Mexico folks will have to do the institution is to become permanent. Everybody in Mexico wants the Hospital to be maintained and everybody should and must help. That's the way to give expression to your wishes.

How about Home Coming Week?

MEXICO IN CHICAGO & ALTON TIME TABLE.

"Mexico, a railroad and trade center, the county-seat of Audrain county, has a population of 7,000 and is located in one of the most productive counties in the state."

Such is the opening paragraph in the write-up of Mexico, which is given a whole page in the new time table just issued by the Chicago & Alton R. Co. This pamphlet will be sent all over the United States and will be a source of great advertisement to Mexico.

The articles tell of all of Mexico's industries, interurban railway, splendid schools, churches, banks, etc. The Commercial Club and annual horse sale are given special notice and all communications are ordered addressed to the Commercial Club.

Are You Insured?

YOU are not sure unless you know that the Company whose policy you hold has and will have under any contingency the ABILITY to meet all its obligations without discount and the DISPOSITION to do so without quibble.

CONFLAGRATIONS are not infrequent and every time one occurs large numbers of insurers are confronted with the fact that they have paid their premiums for worthless insurance.

THE MORTALITY OF FIRE INSURANCE COMPANIES even under normal conditions due to ignorance, inexperience and mismanagement, separately or combined, is sufficient to cause you to investigate your insurance protection.

ARGUMENTS FOR CONTINENTAL POLICIES are ABILITY—a larger net surplus than any other fire insurance company doing business in the United States.

DISPOSITION—Every honest claim paid cash without discount, irrespective of amount.

RECORD—Sixty years actual proof of ability and disposition.

CORNERSTONE AT HARDIN

For the second time in the history of Hardin College, a cornerstone for a new building for that institution has been laid. Forty years and four days before Monday, the first stone was laid by the Masonic Lodge of Missouri. This stone was for the original Hardin College.

The stone laid Monday afternoon marked a milestone in the progress of this great school, "the Vassar of the West." It was the cornerstone of a larger and better Hardin.

A large crowd, other than the Masons, was present to witness the ceremony, which was presided over by the Worshipful Grand Master of the Masonic Lodge of Missouri, Van Promont Boor. Many were there who witnessed the first ceremony and a majority of those present were alumni of the school.

Assisting the Grand Master in the beautiful and impressive ceremony were Dr. J. W. Millon, specific Secretary; S. P. Cunningham, specific Deputy Worshipful Grand Master; A. C. Barnes, specific Grand Senior Warden and Henry Barthelemy, specific Grand Junior Warden.

The Rev. E. S. Gibbs acted as Grand Chaplain and opened the ceremony with a short prayer. John T. Marshall was Grand Marshal. Other officers were H. L. Pruet, Right Worshipful Grand Secretary; Deacon; O. Polson, Right Worshipful Grand Junior Deacon; S. D. Stokes, Right Worshipful Grand Steward; G. A. Ross, Right Worshipful Jr. Steward; Wm. P. Rowland, Right Worshipful Grand Tyler; J. T. Marshall, Right Worshipful Grand Marshal; W. Gibbs, Grand Architect; W. G. Williams, Grand Treasurer.

Following the ceremonies Mr. Boor made a short talk on which he complimented Hardin College on the spirit of progress in erecting this new building and congratulated Mexico on having such a school. He then introduced A. S. Houston, past Grand Master, who made a short address. Mr. Houston showed more clearly than anything the progress of a nation. He pointed out how the ancient buildings had added historic more than anything else, how the writings of ancient times had been handed down to posterity because they were carved on stones and on the buildings.

To the Voters of Audrain County:

I want to call your attention to the fact that I am a candidate for the office of County Collector. It has been my desire to see every man personally, take him by the hand, and look him in the face and ask him for his support August 4th. I have lived in Audrain County all my life (58 years). My life is an open page. I have always been straightforward and honest with my fellowmen and I believe I hold the respect of everyone who knows me. In all questions pertaining to State, County or City I have had the courage to do what was right and judgment said was best and my conscience said was right. I believe with nine men contesting for this office, I, with my wide acquaintance over the county, have an excellent chance to win this nomination. On account of my son being seriously ill with appendicitis, I was detained at home for awhile and there are a few voters whom I was unable to see, and the time is now short and I hope to reach them with this letter. Often a misrepresentation of facts is started by some unscrupulous person at the last hour. I mention this and warn you not to be deceived by anyone. Everyone of my opponents is a gentleman and is treating me with the respect any man would be proud of and I told the same respect for them, and should I be defeated by any one of them I will have no harsh words or intemperance. Any unkind thoughts for him or his friends. In victory or in defeat I will try to be the same Charles Powell. I have always been. One thing more—if the voters of this County will put me into this office August 4th, they will not have to put me out after I serve the one term or four years. Let me urge all my friends, both old and new, to get busy and put your hands to my back and say with me until the last, and I will land the plum.

Yours very truly,

Visiting Corn Growers.

The indications now are that the boys' corn growing contest will be very interesting along about harvest time. The past week I have visited 16 of the boys and gone with them over their fields of corn. In every section so far visited, the boy's corn was the best corn I ever saw. W. Clyde Johnson, our County School Superintendent, accompanied me on most of the visits and in this week among the young folks since the principal feature of the corn growing contest is the educational feature.

The following boys have been visited so far: Fred Cox, Ralph and John Day, Lewis Arnold, Russell Selb, Ralph and Jewell Bybee, Russell Moore of Mexico; Dwight Carpenter and Clayton Weaver of Moberly; Harold Paradise, Moberly City; Rudasill and Vane Brown of Moberly; and Oscar Edd of Bush Hill.

Every one of these boys deserves much praise. They have been doing their best in spite of the drought, insect pests and bull nettles. Walter Schutte had the worst attack from army worms of any of the boys so far visited. In fact, his field was absolutely bare. Walter is just 19 years old, but his loss this year is not going to discourage him completely. He will be in the game next year.

The outstanding fact that has impressed me while making these visits is that practically every boy has been especially careful and thorough in preparing his seed-bed. Their good corn is not due to thorough cultivation of the corn alone.

In fact, the cultivations which counted most were given before there was any corn in sight. The boys have found one of the secrets of successful corn growing in this thorough preparation of the seed-bed.

Only one of the tomato-growers has been visited thus far. Little Miss Margaret Selb, who is a sister of Russell Selb, one of the corn-growers, was visited and we found her tomatoes doing nicely. I got a nice picture of her with a hatful of fine Ponderosa.

Boys' and Girls' Stock Judging Contest.

Every boy and girl in Audrain County between 10 and 18 years old is invited to take part in a Stock Judging Contest on Children's Day at the Mexico Fair.

The Mexico Fair Association has designated the first day of the fair which is Tuesday, August 11, as Children's Day. At 10 o'clock that morning in the center field of the race-track, we will hold a stock judging contest for boys and girls between the ages of 10 and 18. There will be three classes of stock to judge which will probably include light or draft horses, mules and cattle. The animals will be placed and written reasons given for placing in least first and second.

The Fair Association has offered to the best judge a first prize of \$5.00, a second prize of \$2.50, and third prize of \$1.00 for each of the three classes of stock judged—horses, mules and cattle.

In addition to the judging contest, as a special feature for this day, the Fair will also have a

An Open Letter

To the Democrats of Audrain County:

I am a candidate for the Democratic nomination for Judge of the Supreme Court and I ask you to vote for me.

I was born in the State, educated here, have spent my entire life in the central counties, and have been a citizen of Charlton county, in North Missouri, for twenty-five years. I know how to work and am able to do a great deal of it.

I have trained myself from my youth up for the duties of the office, and am familiar with its work and requirements. I know that the court is far behind with its docket, and that the cure for much of the delay is hard work, and I'm willing to do my part to catch up. I believe in judicial fairness, and in deciding every case according to the very right of the matter, in total disregard of who the parties are, whether they be strong or friends.

I was a candidate for this office in 1912, and carried nearly two-thirds of the counties, and went to St. Louis with nearly 10,000 more votes than my chief opponent received. Nevertheless, I was defeated by the machine vote of that city, but to en-

AUSTRIAN TROOPS MOVING TOWARD SERBIAN FRONTIER

LEDGER SPECIAL.
LONDON, Eng., July 29. Dispatches from Vienna show that the movement of Austrian forces toward the Serbian frontier is proceeding steadily. Serbia is also active in moving troops.

All eyes are now on Russia. Misses have been laid in the entrance to all Russian ports on the Baltic and the war office has taken possession of all Western railroads. The car has notified Emperor William that Russia will enforce the integrity of Serbian territory as it were Russian. Any invasion of Serbia by Germany will be avenged, he said.

VIENNA, July 29.

War was formally declared by Austria-Hungary against Serbia yesterday. Whether the war will be confined to the two countries cannot be said, but the feeling on this point is highly optimistic.

Even certain knowledge that Russia would intervene, however, would not cause Austria to hesitate a moment nor alter its course in the slightest.

France is also said to be preparing for war.

TAX LEVY FOR 1914 IS FIXED AT 50 CENTS MONDAY.

The tax levy for 1914 was fixed by the City Council, Monday evening, at 50c on the \$100 valuation, the usual rate. Of this, 40 cents goes to the general fund and 10 cents to the library.

The poll tax was placed at \$1.50. An ordinance introduced by Mr. Witherspoon, providing for a fine of not less than \$50 nor more than \$1,000 or imprisonment of not less than 60 days nor more than one year for "keeping, storing or delivering for or to another person in the City of Mexico, intoxicating liquors," was given first and second readings. This ordinance conforms with the state "storage act."

Ordinances providing for letting contracts for walks along the property of Mrs. Mary Norris, Mrs. M. A. Jordan and Patrick Kerns were passed.

Geo. Steinman asked permission to repair the walks along his property on West Promenade street. Mayor Dry said the matter would be given attention.

Mr. Pratt said the Street & Alley Committee wanted more time to report on the walk along the west side of W. H. Wallace's property and on the re-paving of the Ringo Alley.

Mr. Pratt recommended that the alley between Jefferson and Coal streets, just north of Love street be vacated. The motion was not, however.

Mr. Pratt stated the property owner on South Muldrow street want the Mexico Power Co. to extend the water main. The matter was referred to the Water and Light Committee.

Resolutions, introduced by Mr. Hanley, ordering walks along the property of Henry Wales, Walter Squires and Mr. Blackwell on West Robinson street were passed.

All councilmen were present except Messrs. Atkinson and Wood and Mayor Dry officiated.

WEDDINGS

Joe L. Corder and Miss Mary Corder, both of this city, were married at St. Brendan's Catholic church, Wednesday morning, the Rev. Father J. J. Dillon officiating. Both are fine young people with many friends and the Ledger joins in extending to them best wishes.

The engagement of Miss Hortense Buckner, of Auxvasse, to Clay Duncan, a prominent young business man of the Kansas City Stock yards, was announced at the home of Miss Buckner's parents, Mr. and Mrs. J. F. Buckner, at a breakfast Wednesday morning.

Miss Buckner is a graduate of Hardin College, a member of the Beta Sigma Omicron sorority and a niece of R. B. Buckner, of this city. Miss Mary Buckner, of this city, attended the breakfast. The Ledger joins friends in extending congratulations in advance.

MME. CALLAUX ACQUITTED.

Mrs. Joseph Callaux, who shot and killed Gaston Calmette, editor of the Figaro, because she feared he would publish some private letters belonging to her, was adjudged not guilty of willful murder in the Assize Court at Paris, Tuesday. The trial created a great deal of interest in America as well as in Europe.

M. T. Vandegrift went to Marshall Wednesday.

Talbot Harper went to Higbee, Wednesday.

J.C. Ringo for Collector

In the race for Treasurer two years ago, J. C. Ringo received 679 votes in Mexico, against the combined vote of his opponents, which was 655. He received 24 more votes than all his opponents, two of whom were living in Mexico.

This indicates Mr. Ringo's standing in the community and proves not only his popularity with the voters of this section, but their belief in his ability to satisfactorily fill an important office.

NEWS OF THE DEATH OF MRS. A. E. HARPER.

Harper, nee Elsie Leads Robinson, formerly of this city, reached Mexico friends this week. She died on Tuesday morning, July 21, in Hondo, Texas. Her parents, Mr. and Mrs. B. H. Robinson, a son, and brother, B. L. Robinson, all of Hondo, survive her.

Mrs. Harper will be remembered here, where she had many friends.

The Ledger joins in extending sincere sympathy to the bereaved.

Mrs. O. S. Ashbury and daughter, Miss Leona, have returned to their home in Springfield, Mo., after an extended visit to Mr. and Mrs. A. G. Gass, west of town, and other relatives and friends in Mexico and Columbia.

Hop Kemp, Dick Ashworth, Louis Mason, R. E. Hiley and Willard Potts attended the Fair at Moberly Wednesday.

LITTLE LADY SUNDAY SCHOOL HAS NOVEL ARRANGEMENT.

Little Lady Baptist Sunday School, of Northern Audrain, of which J. J. Johnson is superintendent has added to its weekly programs a series of class programs. Each class prepares and presents a program in relation with the other classes.

Much interest and rivalry are shown by each class to have the best program and also the largest attendance.

Everyone is boasting and working together to make each Sunday a greater success than the previous one.

Last Sunday, July 19, was Amema (Young Ladies) Class Day. The program consisted of the following:

Solo, "The Holy City," Miss Laura Snedeker.

Quartet, "Jesus and Shall Ever Be," Miss Lucille Beagles, Ruth Dubray, La Duhray and Mrs. Arch Akers.

Duet, "O, Heart of Mine," Miss Lucille Beagles and Laura Snedeker.

Class Song, "The Victory."

The programs vary from Sunday to Sunday to include music, recitations, readings and talks on various subjects.

On Bible Class Day Mr. M. J. Beagles who recently returned from Alaska gave a talk upon his travels in the far North.

The result of this work has been that the attendance has steadily increased till last Sunday there were 122 present.

The average for the last 3 months has been 78. Nothing is slighted in any department to make it a better school. Next Sunday will be Argos (Young Men) Class Day, the next Sunday will be Star Banner (Young Girls) Class Day.

Everyone is invited to come and everything will be done to make them feel at home.

Sunday School begins at 10.00 a. m. sharp in order to get through with the programs before 12 o'clock.

The projected meeting will begin at Little Lady, Aug. 17, conducted by Pastor H. H. Rice and Rev. G. O. Vannoy of St. Louis.

DANGERS OF CHOLERA MORBUS.

In almost every neighborhood some one has died from an attack of cholera morbus before medicine could be procured or a physician summoned. Every family should be prepared for such an emergency. Mrs. E. M. Snyder, Herkimer, N. Y., says: "About four years ago my husband had an attack of cholera morbus. I gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy and it relieved the pain immediately, and two or three doses of it effected a cure." For sale by all dealers. adv.

MR. VOTER

If you think that twelve years is long enough for any man to hold a county office paying \$1500.00 a year, and that sixteen years would be too long, vote for H. P. Warden for Probate Judge.

It is time for a change in that office. I am qualified, need it, and will appreciate your support.

H. P. WARDEN
Candidate for Probate Judge

4 GENERATIONS AT 90TH BIRTHDAY.

Mr. and Mrs. Robert Stevenson, of 814 S. Union St., entertained with an ice cream supper Monday in honor of Mrs. Stevenson's mother, Mrs. Susan Barton, who is 90 years old. The following relatives comprising four generations were present: Jacob B. Rist, Mrs. Ella Morey, Joseph B. Stevenson and wife, Dr. Tom Diven and family of Wellsville; Daniel Roberts and wife, James O. Stevenson and wife, William Stevenson, Chas. Baker and wife, Herbert Cauthorn and wife, of Littleby. Mrs. Barton, who was born in Columbiana County Ohio, July 27, 1824, is enjoying excellent health and was very happy to have so many of her relatives with her on her 90th birthday.

The Ledger joins her many friends in wishing her many happy returns of the day.

PARIS 5; CENTRALIA 3.

The Centralia Grays were defeated in their home town Sunday in the first 11 inning game ever played on the fair ground diamond. Score 5-3. The score was tied in the eighth when Sashbury, catching for Centralia, made a wild throw to third. Other errors on the part of Centralia gave the game to Paris. Twenty-one autos drove over from Paris for the game. Each of three teams have won one game and the deciding match will be at Paris on Aug. 23.
